

CHURCHFIELD

CARE HOME

NURSING | DEMENTIA | RESPITE CARE

A group of four elderly people are gathered around a wooden table in a bright, airy room. Two women are seated at the table, smiling and engaged in conversation. One woman is gesturing with her hand. In the background, a man and a woman are standing and smiling. On the table, there is a white teapot, a bowl of fruit including peaches and apples, and a plate of pastries. The overall atmosphere is warm and comfortable.

FOR LIVING, CARE
& COMFORT

www.churchfieldcare.co.uk

Welcome to Churchfield Care Home, a dedicated homely residence which delivers a range of nursing services with compassion and care.

Located in the charming village of Rainsworth, near Mansfield, nestling in beautiful woodland gardens, Churchfield offers family focused, safe, purpose-built accommodation including private and ensuite rooms.

At the heart of our care is a firm desire to enjoy a socially active lifestyle and a commitment to independent living with the necessary support.

We value the wellbeing of our residents and their families and strive to enrich daily life as much as possible, from our cheerful and highly skilled care team to our appetising menus and carefully considered living space.

QUALITY CARE DELIVERED WITH PASSION AND A SMILE

Feel At Home

Set within mature landscaped gardens, Churchfield Nursing Home accommodates up to 60 people offering private single occupancy rooms, many with ensuite facilities. All of our rooms are bright and cheerful and although fully furnished, residents are encouraged to display items from home which can include furniture if desired.

Within our communal lounges residents can catch up with neighbours and staff and take part in an activities programme. Our dining room is another favourite spot and our chef ensures that all dietary requirements are catered for, including favourite afternoon cakes!

The Best Quality of Care

The health and wellbeing of our residents is our priority and we create personal healthcare plans in consultation with residents and families.

We provide nursing care for those who have complex medical needs or long-term medical conditions. Our specially trained care teams look after residents living with dementia or a physical disability, as well as palliative care. Respite care is also available to carers and family members in need of temporary support.

We understand the transition process can be a difficult one and we provide reassurance and support for everyone involved, responding to all questions, and offering comfort and confidence in decision making and settling in.

Life at Churchfield

All our residents are supported to maintain their independence and social activity plays a key part in daily health and wellbeing.

We offer a fun-packed programme of activities designed to cater for all interests and hobbies. Our gardens are a key attraction and residents are encouraged to make use of them with several terraces with seated areas to be enjoyed.

Good nutrition is also a priority in our residents' wellbeing and a varied, home cooked menu is always well served.

Above all our skilled and happy team, and visiting healthcare partners, provide individual care and emotional support within a home-like environment and an enriched and inclusive community where residents can thrive.
